# Rosenthal Limited Art

## Kunst als Anspruch

Der Weg zur Kunst begann bei Rosenthal Anfang der 60er Jahre. In Zusammenarbeit mit namhaften Künstlern entstanden Wandreliefs und Objekte in Porzellan, die zur Zeit der 3. „documenta“ 1964 erstmals der Öffentlichkeit vorgestellt wurden. Bis heute wurden die Limitierten Kunstreihen kontinuierlich fortgesetzt und ausgebaut.

Informationen zur aktuellen Verfügbarkeit der limitierten Kunstreihen erhalten Sie über das Rosenthal Servicecenter oder über Ihren Vertriebsansprechpartner. Wir freuen uns über Ihre Kontaktaufnahme.

## Limited Art at Rosenthal

*Contact the Rosenthal Service Center or your Sales Partner for information regarding the availability of the limited design series. We look forward to hearing from you.*

## L'arte come esigenza

Il percorso di Rosenthal verso l'arte è cominciato all'inizio degli Anni 60. Dalla collaborazione con artisti rinomati sono nati decori a rilievo per pareti e oggetti in porcellana, esposti per la prima volta al pubblico nel 1964, in occasione della 3ª edizione di „documenta“. Fino ad oggi, queste serie limitate di oggetti d'arte sono state mantenute e costantemente ampliate.

È possibile ricevere informazioni in merito all'attuale disponibilità di queste serie artistiche limitate presso il centro di assisten-

za di Rosenthal o tramite i nostri referenti della distribuzione. Saremo lieti di essere contattati.

### MIKROWELLENGEEIGNET

Das Porzellan kann bedenkenlos in der Mikrowelle benutzt werden.

### SPÜLMASCHINENFEST

Bei diesem Dekor werden die Farben bei über 1000°C in die Glasur eingeschmolzen. Hierbei erweicht die Glasur und der Dekor sinkt in die Glasur ein. Dadurch wird er unzerstörbar in Farbe und Leuchtkraft, er ist kratz- und abriebfest. Edelmetalldekore sind jedoch durch die natürlichen Materialeigenschaften nicht völlig unempfindlich gegen Verkratzen. Dieser Dekor wurde vom Institut für Werkstofftechnik (IWT) der Rosenthal GmbH geprüft. Er kann bedenkenlos in der Spülmaschine gereinigt werden.

### SPÜLMASCHINENGEEIGNET

Bei diesem Dekor werden die Farben bei mindestens 750°C auf die Glasur gebrannt. Durch die Verwendung widerstandsfähiger Farben wird eine so starke Verbindung mit der Glasur erreicht, dass die Spülmaschine dem Dekor kaum etwas anhaben kann. Spülversuche im Institut für Werkstofftechnik (IWT) der Rosenthal GmbH haben die gute Haltbarkeit des Dekors unter Beweis gestellt. Das Service kann bei Anwendung des Schongangs (55°C) in der Spülmaschine gereinigt werden. Achten Sie auch auf die Hinweise der Hersteller von Spülmaschinen und Spülmitteln über die Schoneigenschaften ihrer Produkte.

### HOCHWERTDEKOR

Bei diesem Dekor steht das Erscheinungsbild des Porzellans bzw. seine künstlerische Gestaltung im Vordergrund. Der Gesichtspunkt der Spülmaschinenfestigkeit spielt hier bewusst eine untergeordnete Rolle. Die Verwendung hochwertiger Farben und die subtile Umsetzung fordern den Verzicht auf die Spülmaschine. Dieser Dekor wurde vom Institut für Werkstofftechnik (IWT) der Rosenthal GmbH geprüft. Das Service sollte unbedingt von Hand gereinigt werden.

### MICROWAVE SAFE

This porcelain can safely be used in the microwave.

### DISHWASHER SAFE

With this decor the colours are melted into the glaze at 1000 degrees C. Here the glaze softens and the decor sinks into it, thus making colour and luminosity indestructible. It is scratch- and wear-resistant. However, precious metal decors are not totally scratch resistant by virtue of their natural material properties. This decor was tested by the Rosenthal GmbH Institute for material technology (IWT). It is dishwasher safe.

### DISHWASHER SUITABLE

With this decor the colours are burnt onto the glaze at a minimum temperature of at least 750 degrees C. The use of robust colours achieves such a strong lesion with the glaze that the dishwasher is most unlikely to do any damage to the decor. Dishwasher tests in the Rosenthal GmbH Institute for material technology (IWT) have proved the excellent durability of the decor. The service can be washed in the dishwasher economy cycle (55 degrees C). Please pay particular attention to the instructions of the dishwasher and detergent manufacturers on the suitability of their products.

### HIGH QUALITY DECOR

With this decor the appearance of the porcelain or its artistic design are of main concern. The dishwasher safety rules play a deliberately subordinate part here. The use of high quality colours and their subtle application therefore forbid dishwasher cleaning. This decor was tested by the Rosenthal GmbH Institute for material technology (IWT). This porcelain must be washed only by hand.

### ADATTO AL MICROONDE

La porcellana può essere utilizzata senza problemi nel forno a microonde.

### RESISTENTE AL LAVAGGIO IN LAVASTOVIGLIE

I colori di questo decoro vengono fusi nella glassatura a oltre 1000°C. Pertanto la glassatura si ammorbidisce e il decoro affonda al suo interno. Il colore e la luminosità diventano indistruttibili e il decoro è resistente ai graffi e alle abrasioni. I decori in metallo prezioso, a causa delle proprietà naturali del materiale, non sono tuttavia completamente resistenti ai graffi. Questo decoro è stato testato dall'Institut für Werkstofftechnik (Istituto di tecnologia dei materiali, IWT) di Rosenthal GmbH. Può essere quindi lavato senza problemi in lavastoviglie.

### ADATTO AL LAVAGGIO IN LAVASTOVIGLIE

I colori di questo decoro vengono fusi nella glassatura a temperature superiori a 750°C. Grazie all'utilizzo di colori particolarmente resistenti si ottiene un legame talmente saldo con la glassatura che la lavastoviglie difficilmente potrà danneggiare il decoro. Lavaggi di prova effettuati presso l'Institut für Werkstofftechnik (IWT) di Rosenthal GmbH hanno dimostrato l'ottima resistenza del decoro. Il servizio può essere lavato in lavastoviglie con ciclo di lavaggio delicato (55°C). Osservare le indicazioni del produttore della lavastoviglie e del detersivo in relazione all'idoneità dei loro prodotti.

### DECORI PREGIATI

In questo decoro assume particolare importanza l'aspetto della porcellana, ovvero la sua forma artistica. La possibilità di effettuare il lavaggio in lavastoviglie passa in secondo piano. L'utilizzo di colori pregiati e la loro delicata applicazione sconsigliano vivamente il lavaggio in lavastoviglie. Questo decoro è stato testato dall'Institut für Werkstofftechnik (Istituto di tecnologia dei materiali, IWT) di Rosenthal GmbH. Il servizio deve essere lavato esclusivamente a mano.

## EXPLICATIONS CONCERNANT L'ADAPTATION AU LAVE-VAISSELLE ET MICRO-ONDES

### MICRO-ONDABLE

La porcelaine s'utilise sans problème au micro-ondes.

### RÉSISTANCE AU LAVE-VAISSELLE

Les couleurs de ce décor sont fusionnées dans la glaçure à une température supérieure à 1000°C. La glaçure ramollit et le décor s'enfoncé. Sa couleur et sa luminosité deviennent de ce fait indestructibles, il résiste aux rayures et à l'abrasion. Du fait des caractéristiques naturelles de la matière, les décors en métaux précieux ne sont toutefois pas entièrement résistants aux rayures. Ce décor a été contrôlé par l'Institut de la technologie des matériaux (IWT) de Rosenthal GmbH. Il résiste sans problème au lave-vaisselle.

### ADAPTATION AU LAVE-VAISSELLE

Les couleurs de ce décor sont imprimées sur la glaçure à une température de cuisson d'au moins 750°C. L'utilisation de couleurs résistantes permet d'obtenir une forte liaison avec la glaçure et le lave-vaisselle ne risque guère d'endommager le décor. Les tests de lavage réalisés par l'Institut de la technologie des matériaux (IWT) de Rosenthal GmbH ont prouvé la bonne tenue du décor. Le service peut être lavé dans le lave-vaisselle en utilisant le cycle économique (55°C). Tenez également compte des indications des fabricants de lave-vaisselle et de détergents quant à l'adéquation de leurs produits.

### DÉCOR DE QUALITÉ SUPÉRIEURE

Pour ce décor, une importance primordiale est accordée à l'apparence de la porcelaine et à l'aspect artistique. La résistance au lave-vaisselle est délibérément placée au second plan. La qualité supérieure et l'utilisation particulièrement subtile des couleurs nécessitent de renoncer au lave-vaisselle. Ce décor a été contrôlé par l'Institut de la technologie des matériaux (IWT) de Rosenthal GmbH. Le service doit impérativement être lavé à la main.
